THE NETHERLANDS JOURNAL OF ZOOLOGY (ARCHIVES NÉERLANDAISES DE ZOOLOGY) forms series IV B of the ARCHIVES NÉERLANDAISES DES SCIENCES EXACTES ET NATURELLES (published by the Dutch Society of Sciences) and is the continuation of TIJDSCHRIFT DER NEDERLANDSCHE DIERKUNDIGE VEREENIGING.

CONTENTS

Number 1

G. DE JONG. The influence of dispersal pattern on the evolution of fecundity	1- 30
E. OTTEN. The development of a mouth-opening mechanism in a generalized <i>Haplochromis</i> species: <i>H. elegans</i> Trewavas 1933 (Pisces, Cichlidae)	31- 48
H. J. L. HEESSEN, M. A. WILDSCHUT & A. M. H. BRUNSTING. Duration of the developmental stages and timing of the end of the reproductive season of <i>Pterostichus oblongopunctatus</i> (Fabricius) (Col., Carabidae) and <i>Philonthus decorus</i> (Gravenhorst) (Col., Staphylinidae)	49- 62
A. TOMPA. X-ray radiographic examination of dart formation in <i>Helix aspersa</i>	63- 71
A. J. RIBBINK & D. S. C. LEWIS. <i>Melanochromis crabro</i> sp. nov.: a cichlid fish from Lake Malawi which feeds on ectoparasites and catfish eggs	72- 87
F. A. VEERKAMP. Genetic variation in the pattern of initial oviposition behaviour of <i>Leptopilina heterotoma</i> Thomson (= <i>Pseudeucoila bochei</i> Weld), a parasite of <i>Drosophila melanogaster</i>	88-107

Short notes and communications

C. CAPAPÉ. Etude morphologique des ptérygopodes de <i>Allopias vulpinus</i> (Bonnaterre, 1788) (Pisces, Alopiidae)	108-111
A. A. WIEBES-RIJKS. Early parasitization of oak-apple galls (<i>Cynips quercusfolii</i> L., Hymenoptera)	112-116
A. VEERMAN & W. M. HERREBOUT. Photoperiodic response curve for <i>Yponomeuta vigintipunctatus</i> (Retz.) (Lepidoptera: Yponomeutidae)	117-122

Number 2

W. MOS & A. VAN DER STELT. Efficiency in relation to the design of the segmented body musculature in <i>Brachydanio rerio</i>	123-143
K. KORTMULDER. Etho-ecology of seventeen <i>Barbus</i> species (Pisces; Cyprinidae)	144-168

P. F. BOTTERWEG. Protandry in the Pine looper, <i>Bupalus piniarius</i> (Lep; Geometridae); an explanatory model . . .	169-193
J. J. M. VAN ALPHEN & R. A. B. DRIJVER. Host selection by <i>Asobara tabida</i> Nees (Braconidae; Alysiinae), a larval parasitoid of fruit inhabiting <i>Drosophila</i> species. I. Host stage selection with <i>Drosophila melanogaster</i> as host species . . .	194-214
J. J. M. VAN ALPHEN & A. R. M. JANSSEN. Host selection by <i>Asobara tabida</i> Nees (Braconidae; Alysiinae), a larval parasitoid of fruit inhabiting <i>Drosophila</i> species. II. Host speciesselection	215-231
J. J. M. VAN ALPHEN & H. W. NELL. Superparasitism and host discrimination by <i>Asobara tabida</i> Nees (Braconidae; Alissinae), a larval parasitoid of Drosophilidae . . .	232-260
Short notes and communications	
D. A. HOOIJER. A sirenian rib dredged from the Western Scheldt, The Netherlands	261-262
R. N. SINGHAL & A. K. DATTA GUPTA. Studies on some aspects of reproduction in <i>Achaetobonellia maculata</i> Fisher (Echiura: Bonellidae)	263-269
NETHERLANDS ZOOLOGICAL SOCIETY: Proceedings 1981 . . .	270-281

Number 3

A. C. VAN BRUGGEN. Some reflections, mainly biogeographical, on the land operculates (Mollusca, Gastropoda Prosobranchia) of the afrotropical region	284-299
P. DULLEMEIJER & F. FRUITEMA. The relation between osteon orientation and shear modulus	300-306
A. S. H. BREURE & E. GITTENBERGER. The rock-scraping radula, a striking case of convergence (Mollusca) . . .	307-312
W. M. HERREBOUT, S. B. J. MENKEN, G. D. E. POVEL & T. P. M. VAN DE WATER. The position of <i>Yponomeuta yanagawanus</i> Matsumura (Lepidoptera, Yponomeutidae) . . .	313-323
J. VAN DER LAND. A new species of <i>Tubiluchus</i> (Priapulida) from the Red Sea	324-335
M. J. P. VAN OIJEN. Ecological differentiation among the piscivorous haplochromine cichlids of Lake Victoria (East Africa)	336-363
J. H. STOCK. Description de <i>Cotylemyzon vervoorti</i> gen. et sp. nov., un Copépode Cyclopoïde très original, parasite d'un Polychète d'Amboine	364-373

J. C. VON VAUPEL KLEIN. Structure of integumental perforations in the <i>Euchirella messinensis</i> female (Crustacea, Copepoda, Calanoida)	374-394
J. T. WIEBES. The phylogeny of the Agaonidae (Hymenoptera, Chalcidoidea)	395-411
M. WIJSMAN BEST & G. J. BOEKSCHOTEN. On the coral fauna in the miocene reef at Baixo, Porto Santo (Eastern Atlantic)	412-418

Short notes and communications

R. MÁRQUEZ M. & H. G. VAN DISSEL. A method for evaluating the number of massed nesting Olive ridley sea turtles, <i>Lepidochelys olivacea</i> , during an arribazón, with comments on arribazón behaviour	419-425
---	---------

Number 4

J. VAN DEN ASSEM, H. A. J. IN DEN BOSCH & E. PROOY. Melittobia courtship behaviour: A comparative study of the evolution of a display	427-471
J. J. S. BROERTJES, J. N. JENS, D. VAN OUDHEUSDEN, M. DE BRUIN & P. A. VOOGT. Demonstration of nutrient flow in the starfish <i>Asterias rubens</i> (L) with ¹²⁵ I labelled proteins	472-478
N. PALS, R. C. PETERS & A. A. C. SCHOENHAGE. Local geoelectric fields at the bottom of the sea and their relevance for electrosensitive fish	479-494
N. PALS, P. VALENTIJN & D. VERWEY. Orientation reactions of the dogfish, <i>Scyliorhinus Canicula</i> , to local electric fields	495-512
M. H. ISMAIL, W. VERRAES & A. HUYSEUNE. Developmental aspects of the pharyngeal jaws in <i>Astatotilapia elegans</i> (Trewavas, 1933) (Teleostei: Cichlidae)	513-543
F. ZIHLER. Gross morphology and configuration of digestive tracts of Cichlidae (Teleostei, Perciformes): Phylogenetic and functional significance	544-571
G. DE JONG. Fecundity selection and maximization of equilibrium number	572-585
Book Review	586-588

1. The first part of the report deals with the general situation of the country and the progress of the work during the year. It is divided into two main sections: the first section deals with the general situation of the country and the progress of the work during the year, and the second section deals with the results of the work during the year.

2. The second part of the report deals with the results of the work during the year. It is divided into two main sections: the first section deals with the results of the work during the year, and the second section deals with the results of the work during the year.

3. The third part of the report deals with the results of the work during the year. It is divided into two main sections: the first section deals with the results of the work during the year, and the second section deals with the results of the work during the year.

4. The fourth part of the report deals with the results of the work during the year. It is divided into two main sections: the first section deals with the results of the work during the year, and the second section deals with the results of the work during the year.

5. The fifth part of the report deals with the results of the work during the year. It is divided into two main sections: the first section deals with the results of the work during the year, and the second section deals with the results of the work during the year.

6. The sixth part of the report deals with the results of the work during the year. It is divided into two main sections: the first section deals with the results of the work during the year, and the second section deals with the results of the work during the year.

7. The seventh part of the report deals with the results of the work during the year. It is divided into two main sections: the first section deals with the results of the work during the year, and the second section deals with the results of the work during the year.

8. The eighth part of the report deals with the results of the work during the year. It is divided into two main sections: the first section deals with the results of the work during the year, and the second section deals with the results of the work during the year.

9. The ninth part of the report deals with the results of the work during the year. It is divided into two main sections: the first section deals with the results of the work during the year, and the second section deals with the results of the work during the year.

10. The tenth part of the report deals with the results of the work during the year. It is divided into two main sections: the first section deals with the results of the work during the year, and the second section deals with the results of the work during the year.
